The Fourth at Ripon.

The day was unusually pleasant, and early in the morning, the signs of a large gathering were manifest. From eight to ten o'clock, the people from the country and neighboring towns came flocking in, in large numbers. A long procession in carriages came from Metomoni, and was met and escorted through the village by the Ripon Band. At half-past ten, a procession was formed and marched to the new College Building, where the address was to be given. It is a large four-story building, divided below into two compartments, the walls up and the roof on, but the doors and windows not yet put in. Seats were arranged in the lower story, which was crowded to its utmost capacity, and a large number occupied the second and third stories, looking down between the joists upon the multitude below. The doorways and windows were also filled, and a great crowd surrounded the building. Thirty-one young ladies, dressed in white, bearing flags representing the thirty-one States, and another lady, dressed in mourning, bearing a flag with appropriate devices, on which was inscribed, "Kansas—We ask for admission," entered the building and took seats assigned them on the platform.

The meeting was called to order by A. E. BOVAY, Esq., and the following list of officers of the day, was read and confirmed:

President—WILLIAM STARR.
Vice Presidents—
B. B. SPALDING,
G. W. PARKER,
L. B. TOWNSEND,
ALBION PICKETT.
Secretaries—
E. L. RINALS,
E. D. BROWN,
P. HARRISON,
E. U. JUDG.

Chaplain—Rev. M. PARSONS.
Reader—Rev. Mr. WALCOTT.
Organist—S. M. BOOTH.

The Throne of Grace was then addressed by the Chaplain, and the large audience listened with the most commendable patience and good feeling to an address of about an hour and a half. At the close a contribution was taken up in behalf of the Free State cause in Kansas, after which a large number adjourned to a grove some 40 rods distant, and partook of a dinner, furnished by the ladies of Ripon and vicinity, the avails of which went to the Kansas Fund. At about 3 o'clock, the people again assembled in the church, and insisted on another address from us, on the issues of the Presidential Campaign, and we spoke about an hour, at the close of which \$176 more were contributed for Kansas, making, in all, One Thousand and Twenty-Six Dollars, raised at this celebration for Kansas. One lady gave a breast-pin, which was bid off by the President, and returned to the donor.

The spirit of the people was most determined and enthusiastic for Freedom. The following ode, written by a lady of Ripon, was read at the afternoon meeting:

ODE TO FREEMEN.

BY MISS E. M. BOOTH.

Strong as the light from our lakes and our hills,
Goes forth the arrow that flies to its will,
Swift as the arrow that flies to its will,
Speeds both the light from Her crown, through the dark,
Speeds through the dark, where Slavery dwells,
Thrilling the darkness, while Wisdom descends,
Flinging its purity through the gloom,
Rising the War-God, the Spirit of Doom.

Where the fresh breeze, that blows from the hills,
Where the joyful Nature, with Liberty thrills,
Where the stern spirit, that calls for right,
Where the noble mind, that towers in might,
There springs the true life, that onward shall flow,
Until oppression is buried below,
Tremble, ye minions of Slavery, now!
Lighnings that blot ye, shall flash from God's brow!
Where the cold chains chill the soul and the soul,
Where the black flames of Ignorance are rolled,
Where the proud master, with liver on the slave,
Shall in mid-battle, for Freedom's grave,
Now, like a thunder, is heard the swift flood,
Rolling, swift, through channels of blood;
Rolling and swelling, red-tide as light,
Spreading its foam to cover the night.

Be a son of strength for the moment of fate,
Pulse above pulse, from Love and Hate,
Love, who would banish all the world today,
Love, that forgives to blind men for aye,
Love on her throne, and black Hate from her den,
Rock, each her own, and the children of men,
Race, sons of Freedom! Stand firm, from chains!
Honor the hero-blood coursing your veins!

Let not the Border Hordes, drunken with gore,
Plant their dark banners the virgin soil o'er!
Let not the sunny plains furnish food for wars,
Where demons thrive in warm human hearts,
Vile as ye play the downward slave!
For ye are your right arm in Mercy's grave!
For ye are, and meet them! Your contest shall be,
God-honoring, for crushed Liberty!

Many Democrats have come out openly for FREMONT. Much credit is due to Messrs. BOVAY, STARR, and members of the Committee, for their efforts in getting up this celebration, and to the ladies, for the zeal which they manifested in the good cause. A very large

number of ladies were present, who seemed to feel as deep an interest in the cause of Liberty as did their mothers in the days of the Revolution.

The Ripon Band enlivened the proceedings, from time to time, through the day, with excellent music.

A Kansas association was organized, of which WM. STARR, Esq., was chosen President. On the whole, the Fourth at Ripon, may be justly marked with white, in the calendar of Freedom. That Assembly District gave 640 majority for Bashford, last fall. It will give, according to present appearances, 1000 majority for Fremont.

Signs of the Times.

The most significant indications of the results of the Presidential contest, is to be found in large numbers of Democrats who repudiate Buchanan, and espouse the cause of Freedom and Fremont. On Wednesday evening last, at a ratification meeting, held at Horicon, Judge Butterfield, an old democrat, made a speech in favor of Fremont.

At Ripon many Democrats—among them some of the committee who got up the Kansas celebration—have come out for Fremont. We hear also of many German Democrats in Washington County who are now supporting Fremont. A leading Democrat of Walworth County says that many of the old Democrats of his acquaintance are going for Fremont—the outrages against Liberty are more than they can endure. We understand that Dr. Stoddard Judd, late President of the La Crosse R. R. Company, has come out for Fremont. The Manitowishwaukee, whose editor is Chairman of the Democratic County Committee has repudiated Buchanan, and supports Fremont. So great is the stampede in favor of Fremont from the old line Democracy, that the Democratic State Central Committee are alarmed, and have called a meeting at Madison on the 15th to see what can be done to save the party.

THE NEWS says "the number of German voters in this city, greatly exceeds the whole number of other voters."

Let us see how near correct the above statement. According to the census, taken less than a year ago, the total population of the city was a little over 31,000, of which number some 19,500 were Americans; 4,000 Irish; 2,400 English, Scotch, French and Hollanders, and the remainder, some 13,300, Germans. The Germans therefore, comprise a little over two-fifths of the population of the city and their vote is doubtless nearly in the same proportion. The above is but a specimen of the wild and reckless assertions that are daily given to the public through the columns of the News.

STOCKING SUICIDE.—The Green Bay Advocate says a young man 18 or 20 years of age, a Bohemian, shot himself near the saw mill of Messrs. Sayres & Gardner, at Little Saucier, on the 23rd ult. The young man had been employed for a number of months past by Messrs. S. & G. as a cook. A short time since he obtained leave to visit his father at Manitowish, and bring back with him, as he expressed it, "the smartest girl in Wisconsin," to assist him in the cooking department. When he returned, he came alone, and said "the girl was married, and he could not get her." It has since been ascertained that he went to marry the girl himself, but on his arrival at Manitowish, found her the wife of another. Since his return, his conduct has been far different from what it had been previously. At times he appeared to be partially insane, became dissatisfied and quit his work, returned to it again, and about the time of his death declared he would work there no longer, and demanded of Mr. Sayres a settlement. He was requested to remain five days longer, or until other help should arrive, and was told that he should then be paid in full. This he declined, when Mr. Sayres told him he should settle with and pay him at the time previously agreed upon, and not before. He left, went to a house near by, wrote a letter to his father, borrowed a gun, and started, as was supposed, for Oconto. On the morning of the 25th, his dead body was found 10 or 15 rods from the house where he obtained the gun, in an abandoned state as can be imagined. It was impossible to examine the body to ascertain where the charge entered it. It lay on the gun, the face downwards, and from appearances, it was thought the young man discharged the gun with his foot.

UNPARALLELED LOSSES BY SEA.—330 VESSELS WRECKED—SIXTEEN MILLIONS OF PROPERTY GONE DOWN IN SIX MONTHS!—The New York papers contain the names of three hundred and thirty vessels, ships, brigs and schooners, reported lost between the first of January last and the 1st of July last. The total amount of loss is set down at \$15,890,500. This includes \$1,150,000, expended in repairs on vessels which came into port damaged. The estimated loss of human life is not given. It would reach many thousands.

REGATTA AT MADISON.—The most prominent feature of the amusements on the 4th, at Madison was the Regatta. The following list boats were entered:

Syph, Undine, Foam, Mary Eliza, Teaser, R. Keefe, Maria, Blue Bell.
The prize sailed for, was the Madison Flag and Cup—the second best winning \$10—the third \$5. The Maria won the first prize, the Teaser the second, and the Foam the third.
Two spirited rowing matches also took place on that day, at Madison.

STAINED.—A young man named Jas. Fagan, was stabbed to the heart in an affray in a hall room in New York, on the 4th inst.

STATUE OF WASHINGTON.—The statue of Washington was inaugurated at New York, on the 4th inst., at Union Square, in the presence of a vast concourse of citizens. Dr. Bethune delivered the inaugural address.

The Madison Argus says of Douglas' new Kansas bill:

"We regret to find among the votes against it, the names of both our senators—Durkee and Dodge—side by side."

Triumph of Free Kansas in the House.—Last Friday, the House of Representatives, on motion of Mr. Barclay, of Pa., reconsidered the vote rejecting the Free Kansas bill, by a vote of 101 to 99, and then passed the bill by a vote of 100 to 97—3 majority. Messrs. Brown, Dunn, Haven, Harrison, Valk, Whitney, Wheeler and Williams, Fillmore, K. N'a, elected as Anti-Nebraska men, but who have coalesced with the Border Ruffians, voted against Free Kansas.

The Free State men are in fine spirits, and Douglas & Co., disheartened. Following immediately upon the heels of the passage of Douglas' new Kansas bill, it is significant.

MORE BOLTING.—The Manitowishwaukee, which put up Buchanan's name immediately after his nomination, has taken it down and declared for Fremont, and gives its reasons for its course in the following language:

"We have ever entertained a high regard for the personal character of Mr. Buchanan, and when the telegraph brought the news of his nomination by a large majority, in the Cincinnati convention, we at once concluded that the Democratic party had determined to disavow all connection with, and rebuke the action of Messrs. Pierce, Douglas & Co., bring it back to the old landmarks, and prove to the world that it could hold no fellowship with traitors. It was in anticipation of this act that we had continued our connection with the party, and had refrained from giving utterance to indignation which it was difficult to repress, but which would have a tendency to disorganize it, and, without waiting to examine the platform, we hoisted the name of the nominee of the Convention; and when the platform was before us, and we recognized the well known hypocrisy which had clothed the objectionable portions of it in flowery rhetoric and false logic, we still hoped that the nobility of soul which we deemed the characteristic of James Buchanan, would prompt him to refuse to become the agent of wire working politicians, or, at least, evade a promise to carry out their base purposes."

In this we were mistaken. Mr. Buchanan has only been too eager to prove that he is a pander to the bitter prejudices which are engendered by a curse more withering to the genius of our free institutions than the deadly disease is to the organic laws which influence physical life, and which have already exercised a controlling influence in making the fair heritage of the north entirely subservient to the worse than despotic control of the south, and we look in vain for the self-satisfied democrat to distinguish the name of James Buchanan and its "Unionists" from the name of John C. Calhoun, in its only the nullifying influences which have ended the political career of John C. Calhoun.

Next week we shall enlist under the banner of **JOHN C. FREMONT**, and, "I wish to swim, live or die, service or perish," we shall feel a soldier's pride in battling manfully under the proud banner of "equal rights."

BENLIN.—The Berlin Courier says: Berlin contains 14 Dry Good Stores selling \$300,000 worth of Goods annually; 2 Andiron Stores selling \$300,000 Dollars worth annually; 6 Groceries selling about \$100,000 Dollars; 3 Hardware Stores & Tin Shops selling \$50,000 worth; 2 Clothing Stores selling from 15 to 20,000 worth; 6 of the Dry Good Stores selling clothing; 2 Boot & Shoe Stores selling \$30,000 Dollars worth annually; 2 Umbrella yards; 1 Mechanic shop; 2 Jewelry Stores; 5 Wagon Shops; Manufacturing \$300,000 Dollars worth; one Foundry; 2 Plow Factories; 1 Planing Mill; 3 Saw, Loom & Blade Factories; 6 Blacksmith Shops; 1 Copper shop; 4 Saw Mills built and in process of construction; 1 Flouring Mill nearly covered; 3 Warehouses; 2 Hotels; 3 Library Stables; 2 meat Markets; 2 Pump Factories; 2 Saddle & Harness Shops; 3 Tailor Shops; 1 Gunsmith; 3 Millinery Rooms; 2 Dress Making; 2 Ice Cream & Refreshment Saloons; 1 Bank; 1 Printing Office; 2 "Wholesale Liquor" Stores; 1 Cigar Manufactory; 4 Whiskey shops; 1 Brewery; 2 Billiard Saloons.

Of professing Societies and Professional Men we have, 4 churches; 3 Ministers; 2 Lawyers, 6 Physicians; 1 Masonic Society; 1 Union School; 1 District School; 1 Select School; 4 teachers; and 2 Dentists.

THE GREEN BAY ADVOCATE of the 3d inst. says:

A young man, having in his possession two horses, which he was endeavoring to sell, was arrested at Depere, last week, on suspicion of having stolen the property. He was committed to jail for further examination. It is supposed the horses were stolen in Dodge Co.

FAST SAILING.—The schooner *Indus* recently ran from this city to Green Bay in 34 hours, and the schooner *Charley Hildaard*, last week, made the trip from Chicago to Green Bay in 49 hours. This is said to be the best time ever made between Chicago and Green Bay, by a sail vessel.

ACCIDENT.—While the schooner *H. Rand* was lying at her dock at Manitowish on Thursday morning, one of the sailors, named Wm. O'Brien fell from the mast-head, striking the boom, and from thence into the hold. He was taken up senseless and there was no hope of his recovery.

LAKE SIDE WATER CURE SOLD.—We learn from Messrs. Delaplaine & Burdick that they have sold the Lake Side Water Cure establishment at Madison to John Lockwood of this City for \$48,000 and not \$40,000 as the Argus of Saturday has it. The change in the proprietorship will not affect the business of the institution; and all the officers under the late proprietors will continue throughout the year.

REMOVED.—We learn that Haren Powers Esq. has been removed from the office of Chief Clerk of the School Land Department. Reason—School Land Entry.

MICHIGAN CENTRAL R. R.—The earnings of this Road for the year ending May 31st were as follows:

From passengers \$2,407,854 61
freight 1,209,924 74
mails and Express 392,665 46

Total.....\$3,990,442 81

This shows an excess of earnings over the year previous of \$355,159.09, or a little over 26 per cent; and over the year ending May 31st 1853, of \$1,616,781 90, or about 142 per cent.

SOUTHERN MICHIGAN.—The Michigan Southern and Northern Indiana Railroad Company have declared the usual semi-annual dividend of five per cent. on the full stock of the company payable on the 1st of August.

THE FOURTH AT WAUKESHA.—The Fourth was duly celebrated at Waukesha, A. W. Randall was the Orator of the day and we learn, delivered an able address. The receipts from the dinner for the Kansas Fund amounted to \$114.00.

VOTE ON THE CARS.—A vote was taken on the train from Madison this forenoon with the following result: For Fremont 63; Buchanan 13

Benton on the Cincinnati Convention.

COL. BENTON in his great speech at St. Louis, draws the following faithful portrait of the Cincinnati National Democratic Convention.

The President and his liege lord took the field for the reward; they both entered the lists for the Cincinnati Convention, and were both miserably defeated—repudiated by their own party—the first instance of a President so repudiated in the history of our country. I went to Cincinnati to be near the Convention—the first one I ever attended. I went to see how things were done, and to assist a little at a safe nomination. I found a gathering of office holders inside of the Convention, and a besieging army of the same gentry on the outside of it. Packed delegates were there, sent to betray the people. Straw delegates were there coming from the States which would give no Democratic vote. Members of Congress were there, although forbid by their duties from being at such a place. A cohort of officers from Washington city were there, political snobs in the federal system, incapable of voting for the smallest federal office, yet sent there by the Administration to impose a President upon the people. It was a scandalous collection, excluded by the Constitution from being even electors of the President, and yet sent there to vote for the Administration—and to vote upon the principle of the ox that knoweth his master's crib—upon the principle of the ass that knoweth the hand that feedeth him.—Bullies were there from the Custom House and the Fire Points in New York—all with the approbation of the Administration; for the office holders would not be there (absent from their duties, and drawing their pay) without the consent of their employers. It was a scandalous collection. The members of Congress were in the double breach of their duties. They were neglecting their legislative duties, and doing what they had been interdicted from doing. Thirty years ago the nomination of Presidential candidates was taken from Congress on account of the corruption which it engendered, and given to delegates, intended to be fresh from the people and to obey their will, and the nomination removed from Washington to Baltimore, to get out of the reach of President-making members. But these members followed to Baltimore, getting proxies from some delegate when they could get no appointment from the people; and to get rid of them—to get entirely beyond their reach—the Convention itself was removed from Baltimore to Cincinnati. Vain efforts to escape them—they followed on to Cincinnati. They broke Congress to get to this forbidden place. Surely the new President will be very hard-hearted if he does not remember when he comes to the distribution of office from Washington City, came a new corps, never before put upon such service—the office holders in the City—clerks in the departments—heads of bureaus—men who have no vote in any federal election—political hybrids, unable to act a man's part in any election, but sent to Cincinnati, as a life guard to support the Administration.

IMPORTANT LAW-SUIT.—The Prairie du chien Courier says:

"At the May term of our Circuit Court, two ejectment suits were tried, involving the title of Farm lots, thirty-three and thirty-four, on this prairie, heretofore held and supposed to be owned by the United States Government, and on which Fort Crawford is situated. The suit was brought by Messrs. Ira B. Brunson, B. W. Brishaw, and Cyrus Woodman, against a tenant of the United States—the Government tax king up the defect of the title. They were both decided in favor of the plaintiffs. The property is most valuable. The Fort occupies the most beautiful site on the upper Mississippi, overlooking the river for miles, and altogether, is unsurpassed by any spot we have ever had occasion to visit."

HABEAS CORPUS.—The Cincinnati Gazette of the 3d inst. says: "Yesterday afternoon Henry Winfield of Prairie du Chien, Wis., sent out a writ of Habeas Corpus before Judge Bargy, to recover the possession of his child, aged two years, from Martha Wright, who resided to give it up until she was paid \$20 for its support. The Judge decided the child to be given up to its parents, informing the respondent that she could not hold it to secure payment of the debt."

STRUCK BY LIGHTNING.—On Sunday afternoon week, while three young ladies were on their way home from church, a few miles north of the village of Oconomowoc Wauk. Co. one of them was struck by lightning, and instantly killed. The other two were severely shocked and one of them on arriving home discovered that she had lost one of her toe nails.

DESTRUCTIVE FIRE.—One of the Cotton Mills belonging to the Nashua Corporation at Nashua N.H. was destroyed by fire on the 1st inst. while the operatives were at dinner. Loss \$200,000—half insured. Numerous adjacent buildings were also destroyed. One female was fatally injured in jumping from the window.

A Fremont & Dayton ratification meeting will be held at Delavan on the 10th inst.—John Wentworth and other able speakers are expected to address the meeting.

The Republicans of the Second district of Indiana have nominated John M. Wilson for Congress.

The Badger State comes to us printed on new type. It looks decidedly neat.
